Demand request 1: Self-service payslip portal

Demand ID: D-2026-301
Date submitted: 2026-09-02
Requesting department: Human Resources
Requester role: Head of HR Operations
Business sponsor: Director of HR

Business need

Employees ask HR for payslip copies by email. HR staff retrieve each one from the payroll system and send it back by hand. This takes about two days and creates a queue every month end.

Expected outcome

Employees download their own payslips at any time, and HR no longer handles payslip requests.
Request type: New solution. Requester urgency: Medium. Target go-live: 2027-02-28.

Demand request 2: Contract renewal alerts

Demand ID: D-2026-302
Date submitted: 2026-09-04
Requesting department: Procurement
Requester role: Procurement Manager
Business sponsor: Chief Procurement Officer

Business need

Contract renewal dates are tracked in a spreadsheet. Two licences lapsed unnoticed last year and were bought again at a higher price.

Expected outcome

Owners are alerted 90 days before a contract ends, and no licence lapses unnoticed.
Request type: Enhancement of existing. Requester urgency: High. Target go-live: 2026-12-15.
